

Letter of Recommendation

To whom it may concern,

I am writing to wholeheartedly recommend Martin Tenovski, who served as an Instructor and Mentor at the Brainster UX/UI Academy from November 2020 to October 2024.

During his time at Brainster, Martin consistently demonstrated a high level of professionalism, dedication, and deep expertise in UX/UI design. As an instructor, he played a key role in educating and mentoring students, guiding them through complex design principles, user research methodologies, and real-world product design challenges. His ability to clearly explain both foundational and advanced concepts made him a highly valued educator within the academy.

Beyond his technical skills, Martin stood out for his mentorship approach. He was genuinely invested in students' growth, providing thoughtful feedback, practical guidance, and encouragement that helped many of them successfully transition into professional design roles. His collaborative attitude and strong communication skills made him an excellent team member and a trusted mentor among both students and colleagues.

Martin's contribution to the UX/UI Academy had a lasting impact on the quality of education we provide at Brainster. I am confident that he will bring the same level of commitment, creativity, and professionalism to any future role or organization.

I strongly recommend Martin Tenovski without reservation and believe he would be a valuable asset to any team.

Sincerely,

Anja Makeska

Chief Marketing Officer @Brainster
